**NINE PUREBRED ARABIAN FOALS OF TOP BREEDING
ALL OF THEM FOR SALE**

Canada's Seventh National Championship Classes

We are pleased to sponsor the Canadian National Championships in conjunction with our show. These classes are sanctioned by the International Arabian Horse Association. Eligibility to enter these classes is restricted to mares and stallions who at the age of two years or over have won an Arabian Championship or Reserve Championship in a recognized show in the United States or Canada since 1963. Horses entered in the Championships may not enter the halter classes in the regular show or the Canadian Breeders' Championships.

Canadian Breeders Championship Classes

A mare or stallion, registered in the Arabian Horse Club Registry of America, resident of Canada, having won a first place in an Arabian breeding class which was held at a C.H.S.A. recognized show, anywhere in Canada within three years prior to July, 1965. The above class may have been won while the mare or stallion were of any age, however, each animal must be not less than two years old when shown in the Canadian Arabian Breeders Championship classes.

Mares and stallions may be entered in both the regular Arabian Show Breeding classes and the Canadian Breeders Championship. No horse may be post entered in the Canadian Breeders Championships after having won a class in the regular show. Winners in these classes will become eligible for the Breeders Championships the following year.

No horse which has been adjudged Grand Champion in the Canadian Arabian Breeders Championships shall be eligible to compete again for the same championships, however, this animal will be eligible to compete in the National Championships under the rules set by the International Arabian Horse Association in the following year.

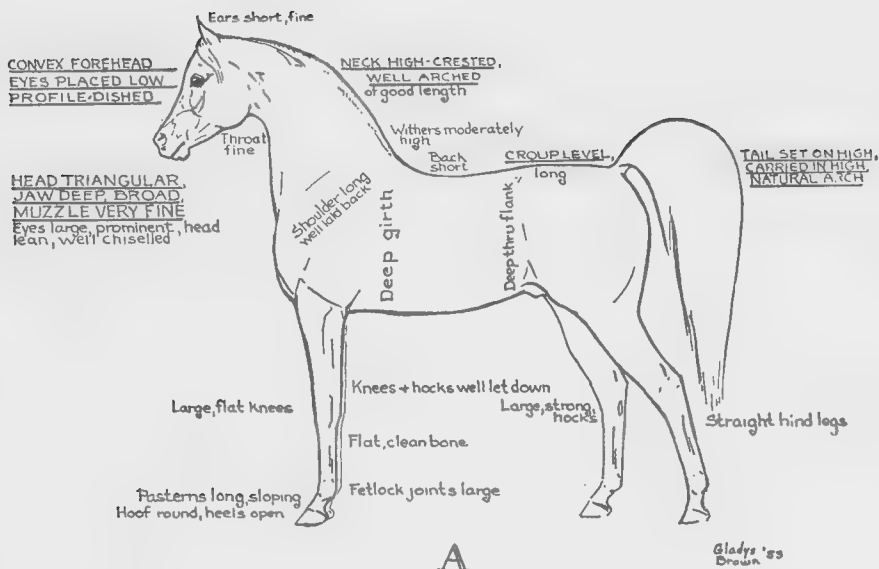

1965 Canadian National Purebred Arabian Halter Futurity

A Halter Futurity requires that the mare be nominated the year she is bred with the resulting foals being shown against each other as three year olds. Fees are paid yearly in order to maintain eligibility, and prize money is paid out on percentage according to the final year placings. There is a class for both fillies and colts.

1965 marks the final year of the first Purebred Halter Futurity and the Arabian Horse Association of Western Canada salutes the owners who have participated in this futurity for the past four years.

Canadian National Arabian Junior Exhibitor Championships

Two categories of Junior Exhibitor Championships are offered. The championships are to be awarded on points in four selected classes, age groups 13 and under. The qualifying classes were selected to test the competitor's all-round versatility, attention to detail and flair for showmanship. Each of the Junior Exhibitor Champions will receive a framed certificate, and ribbons are to be awarded to third place in both age groups.

Main Arab characteristics in capitals and underscored. Points common to all well-bred riding horses in lower case.

Looks Like an Arab

By GLADYS BROWN EDWARDS

Gladys Brown Edwards, artist, author, judge, was formerly associated with the Kellogg Ranch, Pomona. She is co-author with H. H. Reese on the Book, "Kellogg Arabians, Their Background and Influence." Reprinted with permission.

Through the centuries the Arabian horse has been the gift of the kings, the ideal of artists and the subject of highly romantic and imaginative legends. There is something about the small and vital horse of the desert that captures the fancy of horseman and dreamer alike, and although all light breeds of horses are descended from the Arab, only the Arab himself retains those eye-catching qualities that make him so outstanding in the horse world.

Leaving all romance aside and approaching this from a practical point of view, there are three dominant characteristics that are the hallmark of the Arab. These are noted on the drawing "A," along with the points of conformation desired in any well-bred riding horse. Not every Arab has the three main characteristics, and some have none of them, yet remain excellent saddle-type horses.

As shown in the drawing, the head is truly a distinguishing feature of the typical Arab. However, only the more classic individuals have this extreme head, with many having no pronounced dish, some too long, others being very flat of forehead, and the least desirable types being boxy of muzzle and 'meaty' rather than lean and well-chiseled of features. Nor do all have the high-crested neck with the much-desired arch, and too many are rather short of neck, but the average, and nearly all big-time winners approach the ideal in this respect.

Tail Arch. The high, gay tail carriage of the Arab is typical of nearly all individuals, with only the degree of the height at which it is carried marking the difference—all Arabs carrying the tail well away from the body. For this feature to look its best the croup should be level or nearly so; as a high tail carried from a round steep croup looks ridiculous. Other types of horses can get by with this bad point much better than an Arab. The tail is carried in this distinctive arch when the horse is moving or alert, so Arabs photographed with the tail down should not be thought to lack the proper tail carriage.

Secondary characteristics, not possible to show on a drawing, are the good spring of rib; the amount of muscling on withers, which should be "high" but not as high or sharp as in some Thoroughbreds or Saddle-breds, yet neither should they be so heavily muscled as to be termed "mutton-shouldered;" quality, which should be evident throughout, with a look of "breediness" that cannot be mistaken. On the debit side in respect to conformation, it is characteristic of the Arab to be somewhat cow-hocked, one that stands plumb being very rare. The coat should be satiny in texture, and on some bays and chestnuts give off an iridescent lustre in addition to the coppery and golden highlights. The mane and tail of this breed may seem thin to anyone accustomed to cold-bred horses, and is caused by the finer texture, free from kinkiness.

Judges' Dilemma. Anyone judging Arab classes sooner or later finds himself forced to choose between a well-conformed horse lacking in breed type, and one top-heavy with type but which is not much of a horse.

An Arab "looks like an Arab" whether ridden English at the park trot or at a relaxed walk in a Western trail ride. There are always those whose own horses cannot step over a matchstick who believe that no Arab can—or what is worse, should be able to—bend its knees, even when properly ridden at a collected, square trot. These people have only to refer to photographs of stake-winning Arabs to prove the fallacy of their belief. Discriminately selected horses of this breed, correctly trained and exhibited, can and do perform well at three gaits, some being equally good at five gaits. Of course they cannot "go on" like a Saddle-bred, as they lose form, nor are they expected to step as high, but they can put on an impressive show that earns the respect of even Saddlehorse enthusiasts.

Photography Victims. Except for certain Eastern horses, Arabs seem to be victims of poor action photography, and too often appear like some blowsy little horse which has been snapped at the wrong stride.

The Arabian horse also differs in constitution and temperament. Being compact in conformation, the Arab is famed for endurance, and could win any equine economy run on a "ton-mile" basis, being able to subsist on much less fuel than rangier horses and noted for ability to carry more than the average "pay load" in ratio to his own weight. The truth of this is borne out by the breed's excellent record in endurance rides, in which soundness and condition after the severe tests are also a factor. The breed is noted for its ideal disposition, being both fiery and tractable, a combination that gives style and beauty with trainability and trustworthiness. Even the stallions have this trait and a large percentage of them are handled and ridden by women — some even by children.

Tops in Versatility. Versatility is another feature of the breed—in fact in this respect they can be likened in reputation to that of the Airedale Terrier, which is said to be able to "do anything any other dog can do, then whip the other dog." The Arab is hardly out to "whip" any other horses, but members of this breed, properly selected for the job can be trained to do anything any specialist breed can do, with the possible exception of the Standardbred. True, he cannot run as fast as the Thoroughbred, or trot as high and fast as a Saddlebred, but he averages out very well. Arabs are used for racing in the Far East, as hunters and jumpers in some countries, but where he really shines is as a parade horse, in nearly all forms of stock work, and as a pleasure horse. Certain Arabs are fine performers in English park classes, and all are ideal as pleasure horses. The "A for Arab" could also read "A for Adaptability."

This page is being donated to the International Arabian Horse Association by the

ARABIAN HORSE ASSOCIATION OF WESTERN CANADA

Affiliated with International and Sponsoring this Show

The purpose of the International is to promote the Arabian horse and to coordinate the activities of its member associations. It is governed by delegates who are elected from the individual associations and it carries on many activities and projects in Canada and the United States.

For details concerning membership with this local Arabian Horse Association, please contact:

MRS. LENORE WILSON

R.R. 2, Calgary, Alberta

or, for Arabian Horse Associations in other areas, please contact International.

You are invited to become a subscriber to "The International ARABIAN HORSE," the official publication of the International Arabian Horse Association. This monthly magazine (except January) contains many informative articles, show calendars, etc. Annual subscriptions at \$4.00 may be obtained through any Member Association or from the office of International.

Much excellent printed material is available, such as the booklet "Arabs and What They Can Do," and the brochures "The Arabian—Versatile Light Horse" and "The Amazing Half-Arabian;" also the annual Directory, which lists stallions and their owners' names and addresses.

The Arabian Horse Yearbook contains show results and pictures of the ribbon winners of all the major Arabian shows. If you own an Arabian horse, participate in the shows, or have an interest in the breed, you should acquire a copy of this annual Yearbook. It is arranged and produced by Murl and Larry Duff each year and has become the official record book of Arabian horses in Canada and the United States.

The Half-Arabian and Anglo-Arab Registries were acquired from the American Remount Association in 1951 and these registries have become an ever-increasing part of the promotion of Arabian blood and as a means of improving the riding horses of Canada and the United States. All eligible foals should be registered to make their breeding and identity a matter of permanent record, thereby enhancing their prestige and value. Write to International's office for applications for registration in the Half-Arabian and Anglo-Arab Registries.

The International thanks the Arabian Horse Association of Western Canada for this space, and in closing, reminds spectators and exhibitors alike that it is fun to own an Arabian — the horse that can do nearly anything and looks good while doing it.

HAIFA ARABIANS

NAFRAP #12393 — ARABIAN GELDING

Our Nafrap isn't a national champion, however, if horses were rated by the amount of pleasure they give, Nafrap would be at the top of the field. He is also a consistent ribbon winner in all Arabian and Open shows.

Joining with **NAFRAP** are **REGINAA**, and **JURNEIL**, Jurneeka's stylish son by Regis, to send their best wishes for a successful show.

See stablemates **JURNEEKA** and **CARINOSA** at the show.

Rossnowleagh Arabians

We believe good mares are most economical. Of our 7 mares 3 have taken first ribbons and 2 have taken second ribbons at the Calgary Arabian show. Come and see their foals.

We are getting crowded and must sell—

One mare—pick from several.

One 2-year-old colt and our yearling colt both by Canadian National Champion El Sirocco.

All this years foals.

YES, IT'S TRUE !

The mare who inspired the drawing at the left, KISRONNA 6455, in foal to that great imported sire, SILVER DRIFT, is for sale. She is also the dam of EL HADI, Friendship Farm's great gelding and the dam of Champion KHUSUSAN. 15 years old, most gentle disposition, blemish prevents her being ridden, but does not hinder her quality as a broodmare.

Trouble spots?

Treat them with **ABSORBINE** at the first sign!

For over 70 years, Absorbine has proved effective in the relief of bog spavin, windgall, ringbone, sores and bruises. At the slightest sign use Absorbine promptly!

Full strength: Apply right on strained tendons or any troubled areas. It draws out soreness. Never any loss of hair or blistering. And it's antiseptic, too. No other liniment has Absorbine's combination of fungicidal properties!

Body Wash: Leading trainers advise a daily Absorbine wash as excellent protection against lameness. Regular use helps horses cool out and stay supple.

Buy Absorbine in the long-lasting, 12-ounce bottle or in the economical horse-man's gallon size. Available wherever veterinary supplies are sold.

Class 67

Class 67. Clover Leaf Barrel Race: Open to purebreds, half-breds and Anglo-Arabians. In all barrel races three forty-five gallon drums shall be used with the barrels placed in the shape of an isosceles triangle. No smaller or larger barrels are permissible. Tires on top of barrels optional. The starting line shall be at least 30 feet from the fence. The distance from the starting line to the centre of the first two barrels shall be 10 ft. Barrels must be at least 10 ft. from all fences. Barrels must be

set proportionately 1 as to 2. Recommended size 50 ft. between barrels. A and B and 100 ft. from the centre of A and B C barrel. Distance between barrels may be decreased or increased proportionately. Whenever possible there will be no flagman; just two or more timers on the starting line. If a flagman is used he

must be fully qualified. All horses are to be timed on the nose starting and finishing. Once a contestant crosses the starting line and should any part of the riding equipment break, horse fall or rider come off the race cannot be re-run.

No preliminary or elimination. If there are too many contestants then sections are to be used. Going off course or knocking down a barrel will result in disqualification, except in the case of complete go-rounds where a 10-second penalty will be used if a barrel is knocked down. If stake markers are used on the starting they must not be more than 5 ft. from the outside fence.

NOTES

Our Best Wishes to the fine People of Canada for another "Great Canadian National Show"

FROM

1963 Canadian National Champion Stallion—SIR LANCER

1963 Canadian National Champion Mare—GA'ZIMA

1963 Canadian National Show Champion Stallion—SWAIN

We are most pleased that all the above **CHAMPIONS** were sired by our great stallion **GA'ZI**—& that we bred and sold the two stallions as yearlings.

We have once again brought another full brother to compete for your coveted honor — **"CHAMPION GAILIC"** 3 yrs. He is available for purchase and we invite you to visit his stall. Also at home and available is full brother **FEYBLE**—a blue grey yearling.

These are all from the great **CHAMPION** producing family of **FEYN x KISHTA x FELESTINE**.

Wishing success to all her brothers is our dearly loved **GA'NISSA**—retired to our small sons to teach them to ride.

One of
America's
greatest
show mares
ever.

A CHAMPION
many, many
times
from California
to Canada.

Class 70

Class 70. Slow Canter Race, Purebred or Part-bred. Three barrels are placed to form a right-angled triangle. The long side of the right angle is to measure 120 ft. and the short side 50 feet. The short side is centred parallel to and 30 feet out from the west wall of the arena. Horses line up behind the start-finish line opposite the east end barrel. On the command "Go" horses start *at once* into a canter and move counter clockwise around the triangle circling it *twice*. Last horse to cross at the start-finish line is the winner. Failure to start canter *at once*, or break in canter gait, is to result in disqualification.
